

Date appointed - 12/10/2013

Date of reappointment - 11/10/2017

Appointed as an elected parent

Position - serving on the Resources Committee

Since being elected as a Parent Governor in October 2013, I have been privileged to serve alongside committed fellow governors and dedicated staff members. My formal training is in software engineering and I am the governor with particular interests in and responsibility for Computing and Online Safety. My wife and I moved to Kenilworth some years ago so our son, could attend school here. It has been one of the best decisions we've made as my son is thriving at the school and our daughter, is looking forward to Reception and joining her big brother later this year! I am currently a full time property investor, landlord and property developer. In my free time, I am a Cub Scout Leader busy planning, organising and running activities for my group. When I get the chance, I also enjoy walking, cycling and racquet sports.
